

Poly and Barco ClickShare Conference Solutions

Premium wireless conferencing for small rooms and big ideas

Meet Poly Studio and ClickShare Conference, the premium wireless conferencing solution for huddle rooms and more. Simple, easy and wireless. That's what our partnership stands for. Simply plug the Poly Studio USB video bar into the ClickShare Conference system and start collaborating with best-in-class video and audio at just the click of a Button. Working with any UC platform of your choice on your own device, we bring in-office and remote teams together for better hybrid meetings.

Command the hybrid conversation

With Poly Studio, the premium USB video bar, you are ready to tackle your most critical conversations. The best video and audio gives everyone the opportunity to shine, in any type of meeting.

With ClickShare Conference you simply walk into any meeting room and wirelessly connect to the Poly Studio. You host a video conference from your own device, with your preferred conferencing solution.

Benefits

Premium audio, video and wireless conferencing

Poly Studio has the best audio quality and voice clarity in its class. It blocks distracting sounds that can interrupt meetings. Teams on both ends of the call catch every word. With group framing and automatic speaker tracking, the connection feels personal. They see all the important details, too—right down to body language and facial expressions.

ClickShare Conference connects wirelessly to the Poly Studio, saving time and maximizing efficiency. Our joint solution provides smooth collaboration and makes hybrid meetings more inspiring and more productive.

Flexibility

With ClickShare Conference and Poly Studio users can adapt any space to their meeting room purpose – without the need for a specific, cable-heavy room. Bring teams together for productive meetings and provide a guest-friendly solution for high-stakes meetings.

Simplicity

Poly Studio and ClickShare Conference deliver radical simplicity to all your meeting rooms. Easy to install, easy to manage, and best of all, easy to use. It is easier than ever to start remote and hybrid meetings from your device, bringing a seamless and immersive conferencing experience to all participants, whether local, guest, or remote. Use your preferred conferencing software (Microsoft Teams, Webex, Zoom, ...) combined with the ClickShare Conferencing Button or App and you can start your conference in less than seven seconds.

One touch join for any UC platform

Our combined solutions work with any UC application. Just bring your own meeting (BYOM) and in less than 7 seconds you conference, collaborate and click from your own device, with your preferred conference tool.

Poly Studio
