ViewSonic ViewBoard IFP8662 A 86" Digital Hub for Connecting People and Ideas

ViewSonic MiewBoard IFP8662

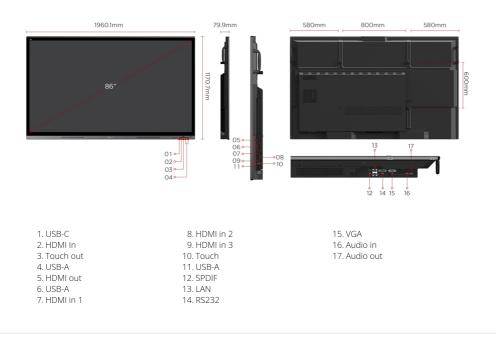

Key Features

- Superb 4K UHD display panel with UFT+ technology, and 20-points multi-touch
- One-stop premium conference solution with compatible ViewSonic conference speakerphone and camera
- Comprehensive I/O ports, vCastSender,and myViewBoard display
- Built-in USB Type-C for simultaneous 65W fast charge and visual display
- Centralised IT management and content display by myViewBoard Manager

Product **Description**

ViewSonic ViewBoard 62 series is an unparalleled large-format interactive display that propels collaborators to achieve effective and robust results. The bezel-less 4K UHD display panel is a gateway to a new visual quality and immersive meeting space. Indulge in the maximised precision of true-to-life handwriting strokes thanks to the UFT+ Technology, 20-points multi-touch with multi-grade pen pressure. Compatible with ViewSonic conference speakerphone (VB-AUD-201) and all-in-one video conference camera (VB-CAM-201) systems. The ViewBoard 62 series boasts pristine audio and a pixel-perfect image, making it a powerful one-stop meeting station. Furthermore, it allows multiple connections, including comprehensive I/O ports, vCastSender, and myViewBoard Display, as well as built-in USB type-C ports supporting 65W fast charge and top-notch display at the same time. As an undoubted enhancement, the built-in myViewBoard Manager is an intuitive and effortless tool for IT and MIS systems that enables centralised IT control and multi-media presentation.
