

miniTab 10 – Wall/desktop cabinet for handheld devices

The miniTab 10® can simultaneously charge up to 10 iPad mini or other smaller handheld devices, such as smartphones or iPods.

Your devices are placed in individual slots on the adjustable fitted rack, whilst the sleek profile offers easy access to the units being charged. The cabinet can be secured while in operation if required, using the robust key lock.

Thanks to its 10 port USB charger located in the service box the miniTab 10 is a universal solution, allowing a mixture of devices to be stored and charged together. The 10 port hub is ready for you to use with your USB cables and chosen handheld devices.

uniRack 10 – Desktop storage and charging for handheld devices

The uniRack 10® is an ideal organisational tool for the classroom, office or home, helping to keep your desk space clear when charging up to 10 smartphones, iPads, or tablet devices.

The spacious compartments leave plenty of room for protective cases and most major tablet models are supported including: iPad, iPad mini, iPod, Microsoft Surface, Acer, Asus, Samsung, Sony, Dell, Nexus, Lenovo, Huawei, HTC, Kindle and more.

- Stores and organises up to 10 tablets with cases.
- Keeps devices ventilated and protected while charging.
- Keeps desk space tidy when managing multiple devices
- No need to stack devices on top of each other
- Fits neatly on desktops and countertops
- Ideal for the classroom, office or home
- Lightweight and portable

ChargeBay 10 - Mobile/desktop cabinet for iPads, tablets and Chromebooks

The ChargeBay 10® is a secure, lightweight, compact and simple to use charging cabinet for up to 10 iPads, Macbooks, Chromebooks, Tablet computers, netbooks and smaller laptops.

- Designed with four non-slip feet to fit conveniently on a desktop or filing cabinet, or can be used as a trolley with the optional mobile base fitted
- The ChargeBay 10® offers versatile cost effective storage and simultaneous charging for 10 devices with a screen size of up to 14"
- Compact size makes it ideal for Primary schools or solutions where space is limited, such as busy NHS wards
- The spacious profiled shelving provides easy access to the devices
- Uses devices own AC adaptors, so a mixture of devices can be stored and charged together
- Will accommodate most established brands of ruggedized case
- Naturally ventilated
